<b>Other Pathways to Apprenticeship</b>				
1. Networking	If you have an employer willing to sign you for an apprenticeship, we may be able save you a registration fee and help your employer access funding to help reduce the cost of training. <b>See your Guidance counsellor or Co-op teacher and ask for a pre-registration form.</b>			
2. Co-op	Exploratory Co-op is possible but it is recommended after part 1 of <b>Concentrated OYAP</b> or <b>after the successful completion of 2 Senior Manufacturing Credits.</b>			
3. College	Sheridan College offers a 1 year pre-apprenticeship Certificate program. "Tool & Die Maker/Technology" (check <a href="http://www.ontariocolleges.ca/pdf/college_guide.pdf">http://www.ontariocolleges.ca/pdf/college_guide.pdf</a> ) cost approximately \$ 3000			
4. Pre-apprenticeship Programs	The Centre for Skills Development in Burlington also has a pre-apprenticeship Manufacturing program ( <a href="http://www.thecentre.on.ca">http://www.thecentre.on.ca</a> ) cost approximately \$ 6000			
5. Recommended Pathway " <b>Concentrated OYAP</b> "	<b>Concentrated OYAP</b> is similar to the one-year certificate program at Sheridan or the Centre. Concentrated OYAP prepares you for academic success in the apprenticeship courses offered at College. In addition, students may earn an exemption from the first of the three levels of Apprenticeship Training at College. Concentrated OYAP teachers will also assist you in finding a co-op placement that has the potential to become an apprenticeship.			
PLEASE NOTE:	Students planning to pursue University or college in addition to apprenticeship must check entrance requirements for each university or college program individually. See your Guidance counsellor.
